SENSE OF GATHERING

-- MEET & RETREAT--

Six Senses Con Dao is set in an area of outstanding natural beauty. The villas sit along a mile of golden sand, looking out at the blue sea, curve of the bay, and shelter of the darkly green forested Lò Vôi (Elephant) mountain. The contemporary architecture of the resort has been designed to blend in with the natural surroundings and built following Six Senses Hotels Resorts Spas' total commitment to the environment with natural, reclaimed, and sustainable materials.

The heart of the resort has been designed to resemble a traditional Vietnamese fishing village and marketplace. Much reclaimed teak has been used, including over a thousand antique wooden panels. A wooden bridge leads across a stream to the rolling sand dunes where the villas and spa sit along the beach.

Have you ever thought about organizing your events in a completely different and unusual destination? Let us give you several reasons why you should choose Six Senses Con Dao as your next destination for a meet-and-retreat trip.
