# Ditch The Plastic, Drink Sustainably!

Imagine sipping cool, crystal-clear water, knowing you're not just quenching your thirst, but helping the planet too. That's the magic of Six Senses Con Dao's Crystal Water plant!

By saying no to bottled water, we're slashing carbon emissions and plastic waste. This state-of-the-art facility produces clinically pure drinking water enjoyed by our guests and hosts. The renowned Institut Pasteur in Ho Chi Minh City, a leader in epidemiology, rigorously tests our Crystal Water's quality and safety every month.

But our vision stretches beyond the resort. We're passionate about providing clean drinking and cooking water for the entire Con Dao community. Half the revenue from Crystal Water flows into our Sustainability Fund, fueling our "Water for All" project.

Thanks to your support, we've donated water filter devices to local schools and the hospital, making a real difference in people's lives. And that's just the beginning! We're constantly innovating and contributing to a sustainable future for Con Dao.

**Join us in raising a glass to clean water and a healthy planet!**

# Kombucha from Eat Lab

**Kombucha tea** is a fermented drink made using real tea leaves and a SCOBY, which stands for Symbiotic Culture Of (good) Bacteria and Yeast. Kombucha helps your digestion, rids your body of toxins, and boosts your energy. It's also said to boost your immune system, help you lose weight, ward off high blood pressure and heart disease, and prevent cancer.

## HOMEMADE KOMBUCHA

150

Experience authentic kombucha crafted the traditional way, brewed for over 30 days. Our drink is brimming with antioxidants, live cultures, and organic acids. The flavor evolves annually; please contact our host for the latest offering.
